I state that on October 11, 2019 while exercising my duties as a law enforcement officer in the Eastern District of Virginia.
At approximately 2249 hours I observed a silver Land Rover Range Rover with Maryland license plates "4CE9081" traveling North on Boundary Channel Drive. A visual estimate of the vehicle appeared to be higher than the posted speed limit. The driver was operating the vehicle at a speed of 41 MPH in a 25 MPH speed zone. The speed was registered using laser, model Stalker XLR, serial # LF5533, which was successfully tested at known distances of 50 and 100 feet. The vehicle speed was 41 MPH/25 MPH at 274 feet going away from where I was posted on Boundary Channel Drive and was 16 MPH over the posted speed limit. An NCIC check through dispatch revealed the Maryland license plates had a pick-up order out of Maryland. A further NCIC check revealed the driver does not possess a valid driver's license and was not valid to drive in Virginia. All the above events did occur on the Pentagon Reservation.
